# A Symbol of Excellence

We believe true luxury is found in absolute comfort, which is why every **YUPOONG** product undergoes a rigorous process of research, testing, and quality control. The **YP** ("YP") mark stands as a symbol of our pride, devotion to perfection, and pursuit of Comfort Perfection, whether through the timeless Classic Adjustable, the revolutionary FLEXFIT®, or the next generation of comfort technology in the nu Series.

Guided by the spirit of excelsior, **YUPOONG** and **FLEXFIT** work tirelessly to ensure comfort and quality are never a concern, allowing you to experience complete ease and confidence in every detail. Look for our signature mark and know that you are in the hands of a team devoted to creating your perfect getaway.

# The History of Stretch

Representing **YUPOONG**'s commitment to comfort through innovation, **FLEXFIT**® is built on a foundation of pioneering design and technology. We've perfected the art of a seamless fit, creating a unique experience that intuitively adapts to you.

This dedication goes beyond a simple fit, it's a full suite of patented technologies crafted to enhance every moment. From advanced moisture-wicking capabilities to weight-optimized construction and sustainable materials, every detail is engineered to deliver an unparalleled level of comfort. Whether you're lounging by the pool or enjoying an active afternoon, our innovations ensure you always feel perfectly at ease.

# Core Technology

## FLEXFIT® TECH

Proprietary stretch sweatband that contours for a precise, comfortable fit across a wide range of sizes.

## FLEXFIT® MESH

Advanced stretch mesh technology providing flexible, breathable backs for superior ventilation.

## ACTIVEGUARD™

Patented sweat and stain management system that channels moisture to the underbrim, keeping outer panels looking clean and feeling dry.

## PERMACURV®

Innovative bill technology that maintains its perfect shape wear after wear.

# Fabric Technology

## PRO-FORMANCE®

Premium wool blend with Cool & Dry technology for luxurious comfort and advanced sweat management.

## HYPER TECH

Cool & Dry performance fabric with thermal regulation, certified UV protection, and antibacterial properties.

## HYBRID TECH

Dual-layer moisture management: Cool & Dry inner sweatband combined with moisture-wicking outer fabric for all-around comfort.

## ULTRAFIBRE

Durable fabric panels providing a wind- and water-resistant outer shell for protection in any condition.

# Feature Technology

## STAIN BLOCK TECH

Advanced three-layer sweatband engineered to absorb sweat and minimize visible stains.

## FLEXIBLE BILL

Lightweight, packable bill designed to bend, fold, and return to its original shape with ease.

## COOL & DRY

Rapidly wicks sweat and moisture to maintain peak comfort in any activity.

## ECOWASH™

Patented Technology using 98% less water, 70% less energy, and zero harmful chemicals.

## UNIPANEL

Panel design enabling full-panel graphics for maximum visual impact.

## ECODRY™

Chemical-free water-repellency treatment that protects against moisture without harsh chemicals.

# Product Guide

**NU SERIES** PAGE 8-11

**FLEXFIT nu®** The Flexfit nu® Cap combines original FLEXFIT® Technology with advanced moisture-rerouting ActiveGuard™. Its innovative nu capabilities enable easier customization and enhanced performance through patent-pending Tri-Layer Technology. This proprietary design ensures maximum quality, offering a tapered profile and thinner front panels for optimal embellishment.

**FLEXFIT 110 nu®** The Flexfit 110 nu® Cap combines original FLEXFIT® Technology with advanced moisture-rerouting ActiveGuard™, purposefully designed with adjustability. Its innovative nu capabilities provide easier customization and enhanced performance through patent-pending Tri-Layer Technology. This proprietary design ensures maximum quality, offering a tapered profile and thinner front panels for optimal embellishment.

**YP CLASSICS nu®** Our best-selling trucker cap, featuring premium mesh panels for breathability, now incorporates innovative nu Technology. Enhanced with moisture-rerouting ActiveGuard™, it delivers elevated wearability. Developed with proprietary, patent-pending nu Series Technology, the cap combines a tapered profile and thinner front panels for optimal embellishment and maximum design quality.

**YP CLASSICS®**

PAGE 12-24

Our commitment to quality and comfort is our legacy. Since 1974, we have meticulously crafted every detail with the finest materials and an unwavering dedication to quality. Each element reflects this heritage, carefully inspected to uphold a timeless standard of comfort.

**FLEXFIT®**

PAGE 25-31

FLEXFIT The One and Only Original® comfort technology delivers a seamless experience that feels custom-made for you. More than just a perfect fit, it embodies the original promise of a new kind of luxury, effortless elegance designed to embrace a wider range of preferences.

**FLEXFIT DELTA®**

PAGE 33-34

FLEXFIT DELTA®'s technologies deliver an effortlessly lightweight, sleek aesthetic. Combined with a unique, exclusive FLEXFIT DELTA® sweatband featuring Stain-block and ActiveGuard™ Technologies, it ensures the most dynamic comfort experience.

**FLEXFIT 110®**

PAGE 35-39

True luxury should be all-inclusive. By combining FLEXFIT® technology with an adjustable band, we create a more tailored fit that effortlessly accommodates a wider range of sizes and preferences, ensuring a perfect fit, every time.

**FLEXFIT 210®**

PAGE 40

Inspired by premium on-field baseball gear, the FLEXFIT 210® blends the comfort of FLEXFIT® Technology with a soft, luxurious wool-blend texture, creating the aura of a truly premium product.

6100nu 6110nu 110Mnu 110MTnu 6606nu 6606Tnu

### TECH OVERVIEW

We have refined the art of a worry-free design experience. The nu Series features an innovative panel design that reduces front layer thickness, ensuring flawless execution for any design. Combined with ActiveGuard™ Technology, the nu Series delivers a more confident, comfortable, and lasting experience.

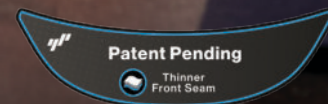

With embroidery speeds tested at over 1,000 RPM without breakage, nu Technology offers a carefree production experience, optimized to get the most out of your design. Featuring ActiveGuard™ Technology, it also delivers a more confident, longer-lasting comfort experience.

# Hat Components

**BILL** A fabric-covered round piece attached to the front of the cap.

Made to help shield the eyes from the sun, bills come in a wide range of shapes and curvatures to cater to a variety of headwear styles.

**CROWN** The distance from the bottom edge of the cap to the top of the head.

This helps determine the depth of the cap. A smaller number means the cap will sit higher on the head while a larger number means the cap will sit lower.

**PANELS** Triangular pieces of fabric that are stitched together.

These pieces come together to form the main rounded structure of the cap. Depending on the style, caps generally consist of 5 or 6 panels.

**CLOSURE** The back piece of the cap that determines fit and adjustability.

There is a wide range of closure types such as snapbacks, buckles, and plastic hooks made to give our customers the perfect fit.

**PROFILE** The slope of the cap's crown.

Low-profile caps tend to have crowns that are more angled while high profile caps have crowns that are more perpendicular to the bill.
